

FINDING FUNDING TO SUSTAIN YOUR PARTNERSHIP

Adapted from the [Road to Sustainability](#) toolkit created by the [Afterschool Alliance](#). Out-of-school time programs typically rely on a diverse array of funding sources. Some are direct to programs, while others come through schools (e.g. Title I or the City of Seattle Seattle Families and Education levy) or through subsidies to individuals (e.g. TANF or other childcare subsidies). Use this worksheet to document current and potential sources of funding for your partnership.

Federal Funding Sources	State Funding Sources	Local Funding Sources	Private Funding Sources	In-Kind Sources of Support
<i>Examples: 21st-Century Community Learning Center or GEAR-UP grants</i>	<i>Examples: Federal pass-through grants through OSPI</i>	<i>Examples: City departments (Parks and Recreation, Human Services), Best Starts for Kids</i>	<i>Examples: United Way, foundation funders</i>	<i>Examples: Space in school buildings, donated supplies</i>
